

## Regional Lead Nurses

**£45k + car allowance    Scotland, North East & Midlands**

Castlebeck offers specialist healthcare and rehabilitation to vulnerable men and women with learning disabilities, autistic spectrum disorder, complex needs and behaviour that challenges.

In this role, you'll provide professional nursing leadership and advice relating to quality improvement, patient safety and clinical governance – ensuring we develop and sustain high quality nursing practice. You'll also regularly liaise with key stakeholders at a national, regional and unit level and encourage and support the nursing workforce to bring about improvements in delivery care.

An accomplished, registered LD nurse who is an expert in clinical practice, you will have excellent communication and professional leadership skills. We provide excellent continuing professional development as well as opportunities to be involved in new initiatives and exciting service developments. A generous relocation package is available to the right individual.

Apply online now or for an informal discussion please contact Debra Moore, Director of Nursing & Patient Safety, on 01824 792101.

Closing date: 25 January 2012.

Castlebeck is an equal opportunities employer.

A disclosure from the Criminal Records Bureau is required for this role.
