

Working with the Autistic Spectrum (Theory into Practice)

This undergraduate course is a collaboration between the National Autistic Society and Napier University, Edinburgh.

Course summary

Comprising of 6, 1-day units, the course is very much practice based. The assessment will enable you to reflect upon your own practice and integrate the knowledge gained to further improve the care and support you carry out. The course will be relevant to anyone working with or caring for individuals with an autistic spectrum disorder, including parents, health professionals, support staff, social services and staff from education.

Credits awarded
