Building on the success of the conference held in Swansea last year this event will be further exploring the theme of empowerment of people with a learning disability.

The conference will include:

- ◆ Getting Your Voice Heard – you will find out about Participation Wales' 10 Principles of Public Engagement
- ◆ Launch of Guidelines for making information easy to read and understand for people with learning disabilities. The guidelines will be available in both English and Welsh
- ◆ Exploring how people with a learning disability and their families can be included so their voices are heard

Interactive Workshops will look at:

- ◆ Getting Your Message Across - This session will teach you some simple ways to make sure that you get your message across and make sure your ideas, issues or complaints are listened to. The tools you learn can be used in lots of different settings and are easy to learn but very effective.
- ◆ A Toolkit for Participation - Exploring how to say what you want and make it happen. Facilitated by Derwen College, Oswestry.
