

Queen Margaret University College
EDINBURGH

South of Scotland Cognitive Behavioural Therapy Programme

The South of Scotland Cognitive Behavioural Therapy Programme offers the opportunity to undertake training to the following levels:

Postgraduate Certificate (£3500)

Postgraduate Diploma

Masters

The programme is aimed at health care professionals from a variety of backgrounds including psychiatry, clinical psychology, occupational therapy, social work, nursing and primary care. The course is part-time, day-release and is held partly in Edinburgh and partly in Glasgow. One day per week from mid February to the end of November is required to undertake the Certificate course. Closing date for applications is 13th October 2006. Interviews will be held December 2006.
