

## Managing the second death: dying well with dementia

Help the Hospices in partnership with St. Luke's Cheshire Hospice and the Academic Palliative and Supportive Care Studies group, University of Liverpool

### Event Details

**Date:** Thursday 4<sup>th</sup> June 2009

**Times:** 09:00 Registration Refreshments  
10:00 – Event Starts - 16:30 - Event Closes

**Venue:** Foresight Centre – University of Liverpool

**Cost**  
Help the Hospices full or associate member £97.75 (£85.00 plus VAT)  
Non-member £117.30 (£102.00 plus VAT)  
Carers £40.82 (£35.50 plus VAT)

### Conference aims:

To enable health and social care professionals to work in partnership to meet the challenges of the dementia strategy and the growing number of people with this condition requiring palliative and end of life care.

### Who should attend?

Palliative care staff, residential and nursing home staff, district nurses, representatives from Alzheimer's Society and others concerned with palliative and end of life care for people with dementia.

### By the end of the event participants will be able to:

- Understand various ways in which palliative care services and professionals can holistically respond to the needs of people with dementia and their families.
- Have explored ways in which palliative care services can partner with mainstream dementia organisations to improve patient care
- Understand the roles played by the multiplicity of professionals involved in the care of people with advanced dementia
- Understand the emotional and practical issues for informal carers of people with dementia
- Understand the role of educational packages in supporting the care of people with advanced dementia
- This conference is accredited with Royal college of Physicians - 6 CPD points

### Speakers include

Dr David Jolley, University of Manchester

Rev Dr Mark Cobb, University of Sheffield and Liverpool

Mr Tim Dartington carer and author

Professor Mari Lloyd-Williams - Director of academic palliative and supportive care studies Group - School of population, community and behavioural sciences
