

Delivering Support and Aspiration
A one day conference from the Children and Young People's
Programme, NDTi
Tuesday 27th September, Birmingham

A conference for all those with an interest in improving support given to children and young people to have ordinary lives.

With the publication of the Green Paper on SEN and disability "Support and Aspiration", local authorities and their partners will be preparing to deliver the new education, health and care 0-25 plan. This will need better cross agency working with a new emphasis on the quality of life for children and their families and equal life chance outcomes for young people as they move into adulthood.

Join us at this event to find out about and share best practice in supporting children and young people with disabilities and other needs and their families to have high aspirations and to fulfil them.

For full details and a flyer please go to <http://www.centrevents.co.uk/sen.html>
