Celebrating Families Co-ordinator

This is a fantastic opportunity to join the 'Celebrating Families' project, a partnership between Helen Sanderson Associates and MacIntyre. We are looking for a part time co-ordinator to join the project. 25 hours per week, £30,000 pro rata equates to £20,000 per year. This is a one year project.

You may have worked with families or disabled children or have personal experience of bringing up your own family or a disabled child.

The role of the co-ordinator involves working closely with families, parents, carers and siblings of disabled children and young people in different locations in England and Wales. The Co-ordinator will set up a range of "family events" that will explore the ideas and tools described in the "Celebrating Families" book. Short listed candidates will be sent a copy of the book.

Events may be day time, weekend or evening events and will be based in schools, community centres, family centres and other similar locations. You may have what it takes to co-ordinate this exciting project.

Closing date for application: Monday 6 April 2009
