

FREE Seminar about the transition to adulthood for people with learning disabilities

The Foundation for People with Learning Disabilities has a breadth of work and knowledge in the area of transition to adulthood.

The seminar will describe some of this work, including a new leadership programme for young people developed in two London Boroughs that addresses the move into adulthood and enables young people with learning disabilities to plan for the future and explores the new personalisation agenda. You will hear stories from young people who attended the programmes, along with practical ideas and resources to use in your schools or colleges.

The Foundation for People with Learning Disabilities has a range of resources and materials for people who work with people with learning disabilities available for download from their website: www.learningdisabilities.org.uk.
