

MY LIFE RESOURCES LAUNCH

18TH MARCH 2009

My Life Resources Launch

An exciting opportunity to learn about
MY LIFE RESOURCES

During the workshop there will be demonstrations and opportunities to try the practical resources we have developed to enable people to express themselves and make plans

Many people are using My Life Resources in supporting people with Learning Disabilities.

The resources include;

My Life Plan - an award winning interactive CDROM for person centred planning

My Life Pictures - enable people to express what's important to them and to try new things

It's MY Life, Not Just Your Job - a powerful film to rethink the nature of good support

This event will be led by Andy Bradley, the Director of Frameworks 4 Change. Andy speaks from experience with a passion and commitment which enables people to consider the real challenges in supporting people to *live life their way*
