

Health Action Planning What have we learnt so far? What do we need to do next?

The Valuing People Support Team would like to invite you to attend an event to think about how Health Action Plans are working, what we have learnt and how we can make use of this knowledge to help us to plan for the future.

The event will be chaired by Debra Moore who is the Health Lead and Joint Programme lead for the Valuing People Support Team.

The aim is to pull together the learning and ideas about health action planning and turn that into information that we can send out across the country to make health action plans work better in the future.
