

Following on from the Confidential Inquiry into the premature deaths of people with learning disabilities a group of the Investigators who undertook the reviews into the deaths have formed a company called Health and Care Inquiry Associates Ltd (HCIA). The unique experience of participating in the Confidential Inquiry inspired us to continue to work together to improve the life chances of all vulnerable groups, and to reduce mortality and morbidity from preventable factors.

HCIA is made up of experienced Doctors, Nurses, Social Workers, Therapists and Senior health and care sector Managers and offers an investigation and inquiry service to health and care organisations.

We provide independent investigation through systematic review and inquiry with the purpose of supporting individual and organisational learning

We can work with you to support your aspirations of delivering high quality, harm free and effective care. We can support organisations by leading investigations, review or inquiries in a range of settings and can also offer advice and support within our area of expertise and offer facilitation, coaching or training.
