

1st Conference at The University of Chester on

Intellectual Disabilities and Criminal Justice

On behalf of the Faculty of Health and Social Care at the University of Chester we would like to invite practitioners, policymakers and academics who are engaged or interested in the management, treatment and study of intellectually disabled offenders to join us at our conference on July 8th 2010.

The conference will provide a platform where diverse viewpoints regarding policy developments and service delivery can be discussed in a national context.

We enthusiastically welcome innovative proposals for presentation that cover legal issues surrounding the care and treatment of intellectually disabled offenders, promoting new approaches to intellectual disabilities and criminal justice.

Venue: Best Building
