

let's make it better

Celebrating the Success of Learning Disability Project

“The next child has a learning disability”

23rd of April 2012

Education Centre – 9:00 to 16:30

**Birmingham Children's Hospital, Steelhouse Lane,
Birmingham, West Midlands, B4 6NH**

Aims of the day:

The day will be aimed at professionals working in acute hospital settings. To gain an insight in to the skills, knowledge, and resources required to meet the needs of children and young people, whilst in their care.

What will the day involve?

- Lectures
- Workshops
- Training on using resources
- Each person will be given an information pack
- Each area will be given Learning Disability Communication Toolkit and Hospital Passport

Topics to include:

- Development of the project
- Mencap, “six lives” and “74 and still counting”
- Patient experience
- Health Facilitator's role
- Development and implementation of Flagging System, Care Pathways, Hospital Passport, and Training programmes for staff
- Child First
- Skills and knowledge to create easy read material
- Communication skills
- Advance Care Plan for End of Life care
- Sensory integration
