

FREE EVENT

Making it real – for everyone

A personalised response to Winterbourne View

27th February 2014

9:30 am – 4:0pm

**Woburn House Conference
Centre, London**

This is the first of three National Events to share the learning from Making it real – for everyone, a joint project between Think Local Act Personal (TLAP) and the Winterbourne View Joint Improvement Programme.

The project aims to:

- Show how providers and commissioners can work together with families to help people with very complex needs and behavior that challenges live in personalised local services;
- Create opportunities for shared learning and problem solving for providers and councils engaged in this work

**Complete the booking form
overleaf to secure your free
place today!**

In partnership with:

The free event will include:

- Our learning from exemplar areas that have been working together to make progress;
- Relevant learning from the Winterbourne View Joint Improvement Programme;
- An introduction to the Personal Health Budgets: Including People with Learning Disabilities toolkit;
- Opportunities for participants to share learning and problem solve

Who should come?

Commissioners, providers, family carers and others who are interested in the provision of personalised local services for people with very complex needs and behavior that challenges.

We are particularly keen to have representatives from commissioners, providers and family carers from local areas who are working together on these issues.
