

# Exploring perceptions about community inclusion and welcome

National Development Team for inclusion

## COMMUNITY MAPPING TRAINING DAY

### A one-day course on how to map local community opportunities and make connections

*Facilitated by Jo Seddon and Peter Bates*

**To be held on 14<sup>th</sup> September in Liverpool**

**Cost £80 + VAT**

This has been a popular and well-received training day, which we have delivered to a wide range of organisations and groups as part of our NDTi Community Inclusion Training Programme.

Anyone wanting to access the Community Mapping Day may also want to consider the *Social Inclusion Training Pack* day, which compliments and supports this and other module days.

Organisations that have accessed this training include Adult Mental Health, Learning Disability and Older People services.

The training is generic and applicable to any organisation or group working with or supporting excluded people.

The training day will:

- Explore definitions and understanding about community, inclusion, access and welcome
- Challenge traditional beliefs about community
- Think about potential barriers to inclusion
- Prompt thinking about how well your organisation is doing promoting real inclusion for people needing support
- Develop mapping skills to identify and make inclusive community connections
- Help people maximise access to natural supports and local opportunities
- Promote community building skills and best practice
- Embed person centred values and approaches
- Improve interpersonal skills
- Enhance creative thinking
- Develop more confidence
- Share good practice and offer opportunities to network with others
- Experience a practical assignment community mapping on the day
- Identify supports and resources your group or organisation could access
- Stimulate discussion, develop new ideas and have fun!

Part of the day will include a community mapping exercise in Liverpool. We are keen that everyone takes part in this exercise so if you have any questions about this or need any support to participate, please do not hesitate to contact us in advance.

The aim of the exercise is to explore welcome and inclusion and our aim is to ensure everyone gets the opportunity to be included in the exercise.

Contact the NDTi office to place your order for the Community Mapping training day and / or the Social Inclusion Training Pack 2010 and training day.
