Matrons and Clinical Leads in Mental Health and Learning Disabilities National Conference

Friday 9 October 2009

Welcome to the 5th annual conference of the National Matrons Network (formally known as the Modern Matrons Network).

Following on from last time when we examined culture and attitude, the conference this year will explore and debate the areas of responsibility and accountability and will scrutinise the question....Responsible and Accountable to Whom?

Last year we aspired to motivate you to think about your practice.....now we hope to inspire you to translate your thinking into action.

Our diverse programme is designed to capture current perspectives around the key themes of responsibility and accountability whilst providing a valuable insight into contemporary opinion.

We will explore what responsibility and accountability means to you....your organisation....your profession....the public.... and most importantly, the patient.

Once again we have included question time after each presentation to create an interactive and stimulating event.

We hope you will take this opportunity to meet with old friends and make new acquaintances.

The conference itself is £120 but

for £170 you can subscribe to one year's membership of the Matron's Network and the Mental Health and Learning Disability Nurse Directors and Leads Forum website...a great resource which will ultimately enable us to network electronically with ease!

Programme Palace Hotel, Manchester , M60 7HA
