No Mind Left Behind

Key Dates

Register before the **3rd January 2011** and pay less

Deadline for submission of abstracts: **30th November 2010**

Deadline for Early Bird registration: **3rd January 2011**

Notification of acceptance of abstracts: **12th January 2011**

Welcome

Given the success of our previous conference Social Brain 2 – See The Bigger Picture in 2006 (also held at GRCH) we decided it was time for another joint venture. Continuing with the 'Social Brain' concept, that of two strands; Science and Reality, this time we have given the conference the unifying title of No Mind Left Behind.

More than 50 of the world's leading experts within the field of social communication and learning difficulties, all contributing their time for free, will be speaking at the two day event. Lorna Wing, OBE, world famous for her outstanding contribution to the understanding of autism, will be giving the Opening Keynote Lecture, Professor Pierre Magistretti from the Brain Mind Institute in Lausanne, will be talking about The Everchanging Brain in another keynote and the stand up comedian Pelle Sandstrak, who's book 'Mr Tourette and I' is being made into a Hollywood film, will be taking us into the complex world of Tourette syndrome.

And then there are 49 other experts to listen to.

Wanting, as we do, to push boundaries and seek new frontiers, we have engaged Swiss IT company Klewel (who count UNICEF, Nestle and European Broadcasting Union amongst their clients) to record the two day conference for us.

This fantastic service is included in the delegates fee and will be available for up to a year after the conference.

If you can't attend No Mind Left Behind in person, then you can participate by signing on as a Virtual Delegate and get access to the event anyway.

See page 8 for more information on our Virtual Conference.

No Mind Left Behind will be a wonderful opportunity for health and education professionals, specialists, parents and carers, for all of us, to share and increase our knowledge and understanding of all kinds of minds.

We look forward to seeing you in Glasgow,

Sophie Dow and Christopher Gillberg

No Mind Left Behind

GALA DINNER AT THE ARCHES

Glasgow & Social Events

Glasgow is not only Scotland's largest city but also its cultural capital and one of the most dynamic cities in Europe. It is second only to London in the UK, when it comes to shopping and is of course surrounded by some of the world's best golf courses. Lonely Planet recently said of the city: 'Glasgow is regenerating and evolving at a dizzying pace. It's Victorian architectural legacy is now swamped with cutting edge style bars and world class venues.'

Precisely. You can see why we have chosen to return to Glasgow with No Mind Left Behind.

Exhibition & Sponsorship

We have a menu of sponsorship items and exhibition space options to suit every budget, prices start from as little as £200 and we are delighted with the response so far!

In addition to this, there are four levels of sponsorship packages; Platinum, Gold, Silver and Bronze. Sponsorship packages offer benefits such as complimentary exhibition space, delegate registration packages and logo acknowledgements on our print and website.

Contact

For exhibition and sponsorship enquiries, please contact Jillian Hart our Exhibition and Sponsorship Manager, Phone: +44 (0)141 331 0123 Fax: +44 (0)141 331 0234 Email: nomindleftbehind.sales@congregx.com

Accommodation

Accommodation has been reserved in various price categories throughout Glasgow at preferential rates per room per night. The range of rates is shown on the registration form. Please visit the website for full information on hotels, including the payment and cancellation forms.

Registration & Payment

We have tried to make the registration process as simple as possible.

Registering on-line is preferred, see www.mindroom.org/nomindleftbehind, but if you would like to register by post you are of course most welcome to do so.

Please fill in the Registration Form on page 9 and send it to our No Mind Left Behind Secretariat at the address on the form.

Register before 3rd January 2011 and pay less.	
Professionals	£395.00
Parents	£150.00
Registration fees on or after 4th January:	
Professionals	£495.00
Parents	£245.00
All prices exclude VAT. - NB : Rate changes on 4th January 2011	

Registration includes:

- Entry to all sessions
- All conference documentation including book of abstracts
- Virtual Conference
- Welcome reception
- Lunch
- Tea and Coffee (morning and afternoon)

Welcome Drinks Reception

Glasgow City Council will be hosting a Welcome Drinks Reception for **all our delegates** on **Tuesday 29th March, 18.00** in the Glasgow Royal Concert Hall.

Gala Dinner – 29th March

The evening will begin with a drinks reception followed by dinner, during which you will be intermittently entertained by carefully chosen acts. All somehow connected to No Mind Left Behind.

We have been given a very generous price per person by The Arches and so are able to offer you 2 glasses of wine upon arrival and a two course dinner with half a bottle of wine for **£52.50 excl. VAT**.

The event will be a great opportunity for you to meet and network with fellow delegates in a wonderful setting and a totally relaxed atmosphere.

The Arches is within walking distance to all our chosen hotels, so no need for taxis.

DAY REGISTRATION FEES

If you are unable to attend the full conference we are pleased to be able to offer you a Day Registration fee of **£305.50 for Professionals and £152.75 for Parents**.

Please note that the VAT on the Day Registration fee will increase to 20% on 4th January 2011.

Payment: Payment should be made in advance of the conference by one of the following methods:

- Mastercard/Visa. Please note that all fees paid by credit card will be charged in pounds sterling. For overseas delegates the exchange rate used will be that at the time of the transaction. No other credit cards can be accepted.
- Cheque or bankers draft, in pounds sterling only, drawn on a UK bank and made payable to Congrex UK Ltd/NMLB 2011

Cancellation: Notification must be sent in writing to the Conference organisers. Cancellations will be accepted until 3 January with a refund of all fees except an administration charge of 25%. No refund can be given for cancellations received on or after 4th January. Substitutions of attendees can be made at any time.

Confirmation and Joining Instructions: Confirmation of registration will be sent to delegates whose payment has been received. In addition, joining instructions to assist you with your visit to Glasgow will be sent out by email approximately 3-4 weeks prior to the conference.

No Mind Left Behind

Speakers

Below is a list of our confirmed speakers, and in most cases the title for their specific talk, so far. It is still early days, so titles and timings may change, but not by a lot we hope.

Jackie Baillie, MSP, Scottish Parliament, Shadow Cabinet Secretary for Health & Wellbeing

Simon Baron-Cohen, PhD, Professor of Developmental Psychopathology, Director of Autism Research Centre, Cambridge University 'The social brain and fetal testosterone'

Margaret Bauman, MD, Associate Professor of Neurology, Harvard Medical School, US 'Neuroanatomy of autism'

Ina van Berckelaer-Onnes, PhD, Professor Clinical Child and Adolescent Studies Leiden University, Holland 'The autism spectrum: one, five or hundreds of conditions?'

Eva Billstedt, PhD, Clinical Psychologist, Child and Adolescent Psychiatry, University of Gothenburg, Sweden 'Outcome of autism spectrum disorders and ADHD'

Thomas Bourgeron, PhD, Human Genetics and Cognitive Functions, Institut Pasteur, Paris 'Genetics of autism'

G Bryce, MD, Consultant Child and Adolescent Psychiatrist, NHS Greater Glasgow and Clyde, UK

Jan Buitelaar, MD, PhD, Professor of Psychiatry and Child and Adolescent Psychiatry, Radboud University Medical Center, Nijmegen, Holland 'Psychopharmacology in early onset neuropsychiatric disorders'

David Coghill, MD, Senior Lecturer in Child and Adolescent Psychiatry, University of Dundee, Scotland 'Intervention in ADHD'

Mary Coleman, MD, President and Medical Director, Foundation for Autism Research, New York, USA 'The autisms, the ADHD's and medical syndromes'

Bill Colley, Teacher, Educational Consultant 'Mind the Gap: Building bridges, safety nets and infinite possibilities for Johnny 'No-friends'

Sophie Dow, Founder of Mindroom and mother of Annie 19, the inspiration behind Mindroom

Rob Doyle, MA, DDS, MD, Clinical Associate in Psychiatry, Division of Paediatric Psychopharmacology, Massachusetts General Hospital, Boston, US 'Psychopharmacology in early onset neuropsychiatric disorders'

Elias Eriksson, MD, PhD, Professor of Psychopharmacology, University of Gothenburg, Sweden 'Neurotransmitter control of cognition, attention and empathy'

Elisabeth Fernell, MD, PhD, Neuropaediatrician, Karolinska Institute, Stockholm, Sweden 'Early diagnosis of autism'

David FitzPatrick, MD, Honorary Consultant and Professor in Clinical Genetics, MRC Human Genetics Unit, Edinburgh 'Annie's syndrome'

Mohammad Ghazuddin, MD, University of Michigan, Ann Arbor, US 'Affective and anxiety disorders in autism and ADHD'

Christopher Gillberg, MD, PhD, Professor of Child and Adolescent Psychiatry, University of Gothenburg, Institute of Child Health, London and University of Glasgow, Sweden and UK 'ESSENCE – Early Symptomatic Syndromes Eliciting Neurodevelopmental Clinical Examinations'

Loretta Giorelli, OAM, Dr and Specialist Educational Consultant Sydney, Australia 'That's not the Annie I know' – teacher perception vs parental perception

Sam Goldstein, PhD, Affiliate Research Professor of Psychology at George Mason University, Virginia and Assistant Clinical Professor at University of Utah, US 'Intervention in ADHD'

Michael Gordon, PhD, Professor of Psychiatry, Chief Clinical Child Psychologist, State University of New York 'Dismantling silos'

Randi Hagerman, MD, Medical Director of the M.I.N.D Institute, Sacramento, US 'Fragile X problem with timing and coffee'

Francesca Happé, PhD, Professor of Cognitive Neuroscience, MRC Social, Genetic and Developmental Psychiatry Centre, King's College, London 'Central coherence: to see or not to see the bigger picture'

Torey Hayden, Author and special education teacher and best selling author, US and Scotland

Agneta Hellström, Director, ADHD Centre Stockholm, Sweden 'A collaborative approach to intervention in families with ADHD'

Pat Howlin, PhD, Professor of Clinical Child Psychology, Institute of Psychiatry, London 'The evidence base for intervention in autism'

Paul Hutchins, MD, Senior Staff Physician Child Development Unit, Senior Paediatric Consultant, Children's Hospital Education Research Hospital, Westmead, Australia 'Creativity, chaos and confusion –

collaborative support for learning and organisational problems in gifted children'

Martin Ingvar, MD, PhD Professor of Integrative Medicine, Osher Center for Integrative Medicine Karolinska Institutet, Stockholm, Sweden 'Development of cognition, language and reading'

Marion Leboyer, MD, PhD, Professor of Psychiatry, Psychiatry Genetic Team, INSERM, University of Paris and FondaMental, Paris, France 'Genetics of autism'

Astri Lundevold, PhD, Professor in Neuropsychology, University of Bergen, Norway 'Diagnosing cognitive attentional and social problems in school age'

Lotta Löfgren-Mårtenson, Associate Professor in Health and Society, sexual orientation, Malmö University, Sweden 'May I? Sexuality and love and young people with intellectual disabilities'

Ann Maxwell, Founder Muir Maxwell Trust, Edinburgh, UK 'Epilepsy Plus'

Pierre Magistretti, MD, PhD, Professor, Director, Brain Mind Institute, EPFL, Lausanne, Switzerland 'Synaptic Plasticity – The Everchanging Brain'

Anne McGuire, MP for Stirling, former Minister for Disabled People, Scotland 'What's in five short years? The Government's 2025 Vision vs the Mindroom 2020 Vision'

Carmela Miniscalco, PhD, Institute of Neuroscience and Physiology, Div of Speech and Language Pathology, Gothenburg, Sweden 'Early diagnosis of autism'

Helen Minnis, MD, PhD, Senior Lecturer Child and Adolescent Psychiatry, University of Glasgow, UK 'Reactive attachment disorder: fact and fiction'

Brian Neville, MD, Emeritus Professor of Child Neurology, University College, London, UK 'The Social Brain, Autism and Epilepsy'

Agneta Nyden, MSc, PhD, Assoc Professor of Child and Adolescent Psychiatry, 'Development of attention and executive function'

Lena Nylander, MD, psychiatrist, Lund University Hospital, Sweden 'Autism spectrum disorders in the elderly: a clinicians view'

Anne O'Hare, Honorary Professor, Child Life & Health, University of Edinburgh, Consultant Paediatrician, Royal Hospital for Sick Children, Edinburgh 'How do we measure empathy in young children?'

Christine Puckering, University of Glasgow, UK 'Triple P – Mellow parenting: what are they good for?'

Maria Råstam, Professor, Department of Clinical Sciences, Child and Adolescent Psychiatry, Lund University, Sweden 'Outcome of eating disorders: relation to ESSENCE'

Patricia Rodier, PhD, Professor of OB/GYN, University of Rochester, US 'Where in the brain is autism?'

Matt Sanders, Professor of clinical psychology, Parenting and Family Support Centre, University of Queensland, AUS 'Triple P – Mellow parenting: what are they good for?'

Pelle Sandstrak, Former funeral director and stand up comedian, now eminent lecturer on living with Tourette's syndrome, his book 'Mr Tourette and I' is being made into a film. Norway/Sweden

Jenny Talbot, Prison Reform Trust, London UK

Eric Taylor, MD, Professor Emeritus of Child and Adolescent Psychiatry, King's College, UK 'Genetics of ADHD'

Lucy Thompson, PhD, Senior Public Health Researcher Public Health Resource Unit NHS Greater Glasgow & Clyde, UK 'Pre- and perinatal factors in ESSENCE'

Per-Hove Thomsen, MD, Dr Med Sci, Professor in Child and Adolescent Psychiatry, Research Director Aarhus University Hospital, Denmark 'The Tic- OCD spectrum: one, two or more?'

Jeremy Turk, MD, Professor of Developmental Psychiatry & Consultant Child & Adolescent Neuropsychiatrist, Southwark Child & Adolescent Mental Health Developmental Neuropsychiatry Service South London & Maudsley Foundation NHS Trust 'Fragile X problem with timing and coffee'

Phil Wilson, Senior Lecturer in Infant Mental Health, University of Glasgow, UK Title TBA

Lorna Wing, MD, FRCPsych, OBE UK 'Social instinct; the crux of the matter of autism'

Charles H. Zeanah, M.D. Sellars Polchow Professor, Tulane University School of Medicine New Orleans, US 'Maltreatment and fostering'

No Mind Left Behind

Programme

The concept for the programme is that of two strands; Science and Reality. The left hand column in green, shows the programme and timings for the Scientific strand called Social Brain 3, and the right hand column in grey, gives you the programme and timings for the Reality strand called See The Bigger Picture. Delegates are free to go between the two as they please.

Day 1 Tuesday, 29th March 2011

07.30-09.30 REGISTRATION			
09.30-11.00	Main Auditorium		Strathclyde Suite

No Mind Left Behind

Virtual Conference

Considering the outstanding scientific programme for No Mind Left Behind we wanted to spread the information from the conference way beyond the two day event. Swiss IT company Klewel will record the conference for us.

The very clever and user friendly software, which also provides a search mechanism among presentations, gives the delegates a flexible three dimensional event – visual, audio and slides – and offers the opportunity to use the material to suit each delegate and their particular purpose and interest.

This fantastic service is included in the conference fee for all attending delegates and will be available for up to a year from the 1st April 2011.

You will be able to access **No Mind Left Behind Virtual** at any time on-line via a special link hosted by Klewel. Simply type in your personal password and away you go.

If you can't attend **No Mind Left Behind** in person, then you can participate by signing on as a **Virtual Delegate** and get access to the event anyway.

- No more downloading of power point presentations
- No more frantic note taking during lectures
- Check facts and figures at your leisure
- Show your friends and colleagues your favourite lecture
- Ideal for CPD and in-house training days

No Mind Left Behind Virtual	
Virtual Conference fee	£450.00 excl. VAT
One Day Virtual Conference Fees	
Social Brain 3 Strand	£250.00 excl. VAT
See The Bigger Picture Strand	£250.00 excl. VAT

Call for Abstracts

Call for Abstracts for Poster Presentation

Critical Dates

Call for Papers Deadline:	30 November 2010
Early Bird Registration Deadline	3 January 2011
NMLB 2011	29-30 March 2011

Electronic submission of Abstracts is preferred. If you are unable to submit electronically then please contact the Conference Secretariat immediately.

All abstracts accepted will be published in a special abstract book.

Abstracts should be submitted to the Conference Secretariat as soon as possible and must arrive no later than 30th November 2010.

Abstracts received after that date will not be considered. Your abstract should be no longer than 2,000 characters.

Please read the following guidelines carefully before preparing your abstract.

Abstracts which have not been prepared in accordance with these instructions will not be considered.

1) Electronic submission is preferred
– If you need technical support please email nomindleftbehind.abstracts@congrex.com.

An acknowledgement of receipt of your submission will be sent to your email address directly after the completed submission.

If you do not receive the email, please contact the Conference Secretariat. Changes to abstracts can only be accepted until the deadline, 30th November 2010, by using your Personal Page.

From the conference website you can access your Personal Page by using your password included in the email received upon submission.

2) You can only present ONE abstract.

3) The abstract should clearly state the purpose, methods and results of the study. Statements such as “results will be discussed” or “data will be presented”, will not be accepted.

4) Abstracts will be reproduced as submitted.

5) Format and layout instructions; Please type your abstract in English, with the title using upper and lower case letters.

6) Type of presentation: There will be a poster exhibition.

7) Co-authors: Please provide details on the abstract submission form.

8) Poster size: 120cm x 90cm wide.

9) Notification of acceptance/rejection will be dispatched only to the main author on or before 12th January 2011.

Authors must register with the Conference before 26 January 2011, otherwise the abstract will not be included in the Abstract Book and the Final Programme.

No Mind Left Behind

29th & 30th March 2011
Glasgow Royal Concert Hall,
Glasgow, Scotland

The registration prices listed below include VAT at the prevailing rate of 17.5%. Please note that from 4th January VAT increases to 20%.

No Mind Left Behind is organised under the patronage of Her Majesty Queen Silvia of Sweden

No Mind Left Behind

Social Brain 3 See The Bigger Picture

Mindroom

Mindroom is a Scottish charity dedicated to creating awareness of learning difficulties.

We also provide direct help and support for children and adults affected by learning difficulties.

Mindroom's 2020 vision

Mindroom's goal is to create such awareness, that by the year 2020, all children and adults in this country with learning difficulties, receive the recognition and help they need.

We are working towards our 2020 vision by:

- Offering direct help and support
- Arranging high profile conferences
- Setting up multi-disciplinary diagnostic centres

SCNSF The Swedish Child Neuropsychiatry Science Foundation

The SCNSF was founded in 1994. It supports scientific progress, development and education in child neuropsychiatry, with a particular focus on children, adolescents and adults with autism and related disorders.
