

What do Personal Assistants need to know?

Come and tell us what you think about training for PAs.

As someone who uses a PA/Enabler you are invited to a consultation event.

ARC and ILA need to know the skills, knowledge and approaches that your PA needs. Help us develop training and qualifications for Personal Assistants in the 21st Century by coming along and giving us your views. We need to hear the views of those working as Personal Assistants too, so, if possible, please bring your PA with you to take part.

To book places, please return the enclosed booking form to ARC. Money will be available towards travel and expenses. **Please note places are strictly limited.**

If you cannot come but would like to take part in this consultation you can fill in and return a questionnaire or go to either of the following websites to complete an electronic version: www.ilanet.co.uk / www.arcuk.org.uk

Workshops will be held at:

Worcester, 24th June 2008

Nottingham, 2nd July 2008

Bristol, 9th July 2008

Southampton, 9th July 2008

Newcastle, 10th July 2008
