

## Postural Care Courses 2010

### Day 1 Practical Positioning 9.30am to 4.30pm

Delivered by leading experts in this field this course is designed to give a basic overview of protection of body shape. It is very practical so that attendees leave with a thorough understanding of the hands on skills needed to implement night time positioning safely, effectively and humanely

### Day 2 Measuring Body Symmetry 9.30am to 4.30pm

The Goldsmith Indices of Body Symmetry provide validated and non-invasive outcome measures for therapeutic intervention. Use of objective measures supports both families and clinicians to understand and monitor the effectiveness of therapeutic positioning strategies

*What do people say about these courses?*

Really good...serious but a fun packed day! (Parent)

The whole day was a great experience and very useful to my daily role at work (Physio)

Relating the theory to the practical, it all made so much sense!
