

Postural Care Course

Postural Care CIC is a Community Interest Company
(denoting Not for Profit)

Understanding Why and How the Body Changes Shape Sharing Practical Positioning Solutions

Why Postural Care and Why this Course?

- Recognised in recent documentation such as 'Health Action Planning and Health Facilitation for People with Learning Disabilities: Good Practice Guidance' – *'It focused on improving the individuals' poor posture as this was seen as the predisposing factor for a range of serious health problems, including respiratory illness. In doing this, it recognised that family carers were the most committed and spent most time with the individual. Some of the family carers have gone on to gain qualifications as trainers in postural care skills.'*
- Following Mencap's 'Death by Indifference' Sir Jonathan Michael's report noted that there was a big gap in services regarding protection of body shape. On page 19 it claimed *'Many families receive no support or advice about how to manage the sleeping position of their child and the Inquiry heard examples of cases where later wheelchair use and/or back surgery could have been avoided if effective early intervention had been provided.'*

Where? At The Coton Centre, Comberford Road, Tamworth, B79 9AA

When? 23rd September 2009

Time? 12.30pm until 4.30pm
