

Training Services

The services we provide

We are able to offer awareness sessions to family support groups, partnership boards, PCTs, care providers and other organisations such as schools and colleges. Members of our team may be commissioned to work directly with individuals, their families and personal assistants. We also offer a range of accredited and quality assured courses for areas wishing to develop locally sustainable training provision.

©PCSP (UK) Ltd is an independent training provider. We have Nationally Approved Centre Status which is reviewed every 6 months by the Open College Network West Midlands Region. Our train the trainer course is an accredited, level 3 course with a value of 9 credits. This equates to 90 hours study time. Participants are expected to complete and submit work throughout the course in order to achieve the qualification.

Who do we work with?

We are happy to work with anyone committed to developing sustainable person centred Postural Care infrastructure within their community, service or region. Our courses are for people who understand the importance and value of Postural Care and want to support others. Examples of people we have worked with to become trainers includes: Self Advocates, Family Carers, Personal Assistants, Occupational Therapists, Physiotherapists and Teachers.

How much do we cost and what does that include?

Half day practical sessions - £45 per delegate. These sessions are run throughout the year at the Coton Centre in the Midlands. They are designed to give attendees a practical understanding of both positioning and measurement skills.

One day awareness sessions - £550 + VAT per day plus any accommodation or travel expenses that may be incurred. When working directly with individuals and families our charges are negotiable per day plus any travel or accommodation expenses that may be incurred. These days are great if you have large numbers of people who want to find out a little bit more about protecting body shape.

Awareness Development Package - £360 + VAT per person. A two day course which teaches individuals the main concepts of Postural Care. This course can be accredited for an extra £100 to Open College Network Level 2.

Postural Care Champions Course - £4500 + VAT per Tutor. This fee includes all tuition, a 3 day residential course with refreshments and meals, registration and moderation through the Open College Network West Midlands Region (www.ocnwmr.org.uk) 2 further outreach training days, all course and teaching materials and a license to use these materials to teach others. The license agreement is made between the participant and PCSP (UK) Ltd. The materials can only be used by those individuals licensed to do so.

How do I go about booking training?

In order to check availability please make contact with the office. As a rule of thumb we are usually booked up 3-4 months in advance so please do book early to avoid disappointment.

How do I get more information?

Should you require more information or wish to apply for a place on our train the trainer course please contact the team.
