

The FASD Trust Medical & Healthcare Professionals Forum Local Open Study Day

“FASD – Implications for Practice”

9.30am to 4.30pm
on
Friday 23rd November 2012

Venue: The Deafblind UK Conference Centre
John and Lucille Van Geest Place, Cygnet Road,
Peterborough PE7 8FD

Prices from £39
(Early Bird Discount)

This exciting, practical one day workshop will look at what FASD is, how it impacts not only the affected individual but the family, carers and professionals around them and the reality of the implications for education, for healthcare and for social work practice.

This day will be of real benefit to anyone working in paediatrics, occupational therapy, speech & language therapy, nursing, social workers, teachers and other education / schools workers, early years, childcare and health visiting. Midwives, GPs and those working in the fields of psychiatry and psychology would also gain value from this workshop.

Speakers:

Julia Brown, CEO of The FASD Trust

Julia's interest in FASD arose after her adopted daughter was diagnosed with FAS. Julia frequently lectures on FASD, particularly on the impact from a family perspective.

Dr Mary Mather, Consultant Paediatrician

Mary was previously Medical Advisor to BAAF and brings many years experience from both the clinical field and the perspective of working with Looked After Children.

Brian Roberts, Head of Learning & Opportunity for Looked After Children, Peterborough

Brian has many years experience as a teacher and headteacher, as well as personal experience as a foster carer and Special Guardian to 3 children, 2 of whom have FASD.

Dr Shirin Howell, GP, MA MB BChir (1994 Cambridge) MRCP GP MA

Shirin is a GP based in Chatteris and will bring her experience on patient care in the community and working in team with other medical disciplines to support those with FASD.

Local Host:

We are most grateful to Dr Ges Gregory, Consultant Community Paediatrician.
