– Sexuality Project**

**£28, 221 per annum
Leeds**

CHANGE is a national organisation run by Disabled people. We aim to raise awareness of the rights of all people with learning disabilities, including people with a learning disability who have a sensory impairment.

CHANGE has received Lottery funding to run a research project in conjunction with Leeds University using drama to work with a group of young people with learning disabilities looking at issues of sexuality, sex education and relationships.

We are therefore looking for a Rights & Empowerments Coordinator—Sexuality Project to set up and run our Sexuality Project alongside the Sexuality Project Worker—a person with learning disabilities. You will also be responsible for managing our Parenting Project workers. You must have experience of managing people and of using drama as a tool to aid communication.
