a voice

all about people

Are you from a Black or Minority Ethnic community?

Have you got a learning disability?

Does someone in your family have a learning disability?

Have you told the people in charge of social services and hospitals about the help you and your family need?

Why not?

"I do not know who they are"
"They will not listen to me"
"I do not understand them"

We know that lots of people like you have not had the chance to tell the people in charge about the help you need.

This project will help you to have your say.

We will have 9 big meetings across England so you can meet the people in charge of your area and tell them your story.

We will help you to tell them what you need.

We will help you to understand what they are saying.

But we need you to tell us first.
