## Guest Speaker: Dr Simon Duffy

“I'm looking forward to meeting the members of self direct”

Simon is a well known social innovator and writer who is working to redesign the current welfare system so that it will better support citizenship and strengthen our community life. Simon is best known for defining key concepts such as Individual Budgets, Self-Directed Support, the Citizenship Model and many others. He is the author of Keys to Citizenship and many articles and papers. He now runs The Centre for Welfare Reform.

## Other Guest Speakers Include: Di Lofthouse MBE

Awarded an MBE for her fight against hate crime, Di has spoken at the House of Lords for the launch of the Disability Hate Crime Path. Di was the first person with a learning disability to be appointed to the Mencap National Council. Her speaking up for people with a learning disability has included speaking at an international conference for people with disabilities in the Hague where she was campaigning for disabled people to have the right to vote on worldwide issues. Di also spoke in Brussels, on International Women's Day, about abuse on women with learning difficulties.

### Doreen Kelly

Doreen is the Director of Partners for Inclusion which she set up 10 years ago. Partners for Inclusion provide support that is tailor-made rather than trying to fit people into services that often don't suit. Doreen will be talking in depth about 'Personalised Support'.

“For many years I have spoken up for people with a learning disability across the UK and internationally”

“I set up the organisation because I recognised that services were often mediocre and just good enough, but did not put the focus on the individual. I wanted to do something different, to provide support that just wasn't okay, but was first class”
