ALDD/005 Review April 2007

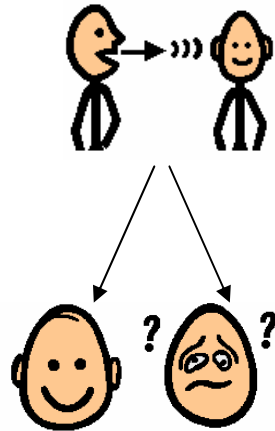

You are unwell  
So you see a doctor

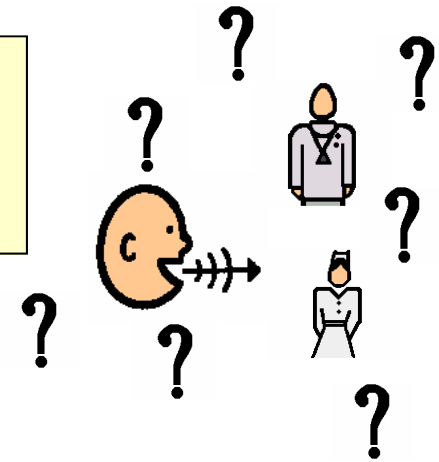

They will need to find out what is wrong with you

Before they do anything, they must ask you if you are happy for them to continue.  
You have to choose.

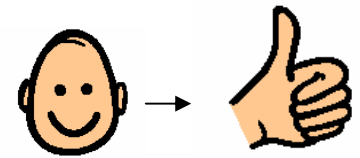

You can ask lots of questions

Find out as much as you

If you are happy for them to continue—say Yes

If you do not want them to continue - say No
