

Be Safe on Line

Stay Private

- Keep your address private
- Keep your login details a secret
- Don't give your phone number to strangers
- Don't tell your secrets on line
- Use privacy settings when you are on sites such as 'Facebook'
- Don't answer any personal questions
- Don't put your full date of birth anywhere public

Putting Photographs on Line

- **You** choose the photographs you want to put on line
- Set your privacy settings so only your friends can see your pictures
- If anyone asks you to pose for photos say no
- Don't share any photos that you wouldn't want the rest of the world to see

Making Friends

- Some people might lie about who they are
- You don't need to be friends with everyone
- Real friends care about your feelings and they don't make you do things you don't want to do
- If someone is nasty to you or makes you feel worried, sign off and then block them.

Meeting Up

- It's not safe to meet strangers they might have lied about who they are
- Only meet people you know or your friends know
- Check that your friends know the person you are meeting well
