

OUR MISSION STATEMENT

To promote and improve the quality of life for individuals such as people with learning disabilities, autism spectrum disorders, mental health problems and older people. By ensuring that care providers have the necessary skills and knowledge to deliver person centered services that are fit for purpose.

We aim to deliver effective training that is carried out within a friendly atmosphere by approachable trainers. We use a variety of teaching methods to enhance learning and support staff to make a positive difference to the lives of the people they support.

About Us

We are registered learning disability nurses. Between us we have 19 years experience of health & social care. We have worked in areas such as Autism,

Challenging Behaviour, Treatment & Assessment, Outreach, Forensics, Advocacy, Day Services, Training & Development, Strategic Health Facilitation and Social Care Management.

What we do

We offer bespoke training specific to individual service needs. Our training programs are designed to meet current legislation that is evidence based and that reflects person centred approaches. We are also able to offer a consultancy service in relation to Health Action Planning, Medication, Autism and Person Centred Planning.
