learning disabilities

focus on workforce development issues from valuing people now

The conference is an opportunity for people who work with people with learning disabilities to find out about workforce issues which we expect to be in the soon to be published valuing people now and the work of Skills for Care.

This event will enable you to

- Gain understanding about the workforce priorities.
- Discuss how the priorities will affect you as an individual or as an organisation.
- Understand the responsibilities of Learning Disability partnership boards.
- Discuss the changes required to meet the challenges in your local area.
- Discuss and celebrate good practice.

who should come

- People who use services.
- Family carers.
- Commissioners.
- Workforce leads across Learning Disability partnership boards, local authorities and health.
- Managers, employees and volunteers of adult social care, health, housing, criminal justice services across the voluntary, independent and statutory sectors
- Training providers.
- Council members responsible for adult social care

programme

The programme and venue map will be sent with confirmation of the booking.

workshop

Workshop choices can be made on the day.

1. Citizen leaders academy - opportunity to find out what personalisation means and how citizen leaders support people receiving self directed support.
2. People who use services in employment - the experiences of people as trainers within a local authority.
3. Learning Disability Qualifications - knowledge sets, qualifications and links to the Sector Qualifications Strategy.
4. Commissioning - discuss how commissioning has an impact on workforce issues.
5. Common core principles - discuss how the principles will help organisations, teams and individuals to adapt to the changing world of adult social care.

This is a free event and lunch will be provided.
