

Valuing People Now: a new three-year strategy for people with learning disabilities

'Making it happen for everyone'

Key priorities for Delivery 2009–10:

- to raise awareness of *Valuing People Now* across national and local government, private and voluntary sectors, and within wider society
- to have an effective Learning Disability Partnership Board operating in every Local Authority area
- to secure access to, and improvements in, healthcare, with Strategic Health Authorities and Primary Care Trusts (PCTs) responsible for, and leading, this work
- to increase the range of housing options for people with learning disabilities and their families, including closure of NHS campuses
- to ensure that the Personalisation agenda is embedded within all local authority services and developments for people with learning disabilities and their family carers, and is underpinned by person centred planning
- to increase employment opportunities for people with learning disabilities.
