This conference is organised Cycling projects and Wigan & Leigh Culture Trust who reserve the right to amend the programme as advertised

Workshops

Workshops will include an opportunity to discuss in more detail issues raised by the speakers. They will also offer an opportunity to discuss the experience of people directly involved in the practical implementation of particular initiatives presented as case studies. The main focus of the workshops will be on the experience of Wheels for All initiatives in different places, any issues and barriers they have encountered, and how they have monitored. Each workshop will include an introduction from people with practical experience of disability cycling delivery, and written notes of the discussions will be produced.

All delegates will attend the 4 workshops on a rotating basis with feedback at the end of this session

Applications

Applicants should complete the application form and send it to:

Conference Secretary
Cycling Projects
1 Priory Court, Buttermarket Street
Warrington WA1 2NP
Email: accounts@cyclimg.org.uk
